

The Viet Nam National Trade Repository (VNTR) is a free-to-access online information platform that provides all the latest trade regulations and information that businesses need to export and import to and from Viet Nam.

The VNTR will help fulfill Viet Nam's commitment within ASEAN to improve the transparency of trade policies and regulations, facilitate regional trade, and support the business community in gaining easier access to information about Viet Nam's commitments on trade in goods, trade in services and investment under the ASEAN cooperation framework.

The VNTR will be linked to and become an integral part of the ASEAN Trade Repository (<https://atr.asean.org>), ensuring the information transparency compliance as stated in Article 13 of the ASEAN Trade in Goods Agreement (ATIGA).
